

Fast Pass Program

Purpose

The Fast Pass Program is designed to reward the swimmers for their hard work by rewarding them for their personal improvement at the meets.

Fast Pass Qualification

A swimmer receives one (1) Fast Pass for every event in which they achieve a new personal best as an RSA swimmer (excluding relays). New RSA swimmers must first establish a baseline time for each event as an RSA Team Member before they are eligible to receive a Fast Pass for that event. Fast Passes can only be achieved for meets in which RSA participates as a team. The Fast Passes are distributed after final results of meets have been provided to the Fast Pass Coordinator.

Fast Pass Prizes

Each swimmer will collect their individually* achieved Fast Passes throughout the year and once they've accumulated enough FP's equivalent to the number required for a particular prize, they can be exchanged based on the Prize List. The current Fast Pass Prize List is posted on the Forms and Documents page of the RSA website at the following link:

<http://www.swimrsa.org/FormsDocuments/tabid/279/Default.aspx>

*Fast Passes cannot be shared or accumulated among multiple individuals, this includes family members.

Fast Pass Exchange Process

Based on the Fast Pass Prize List, the correct number of Fast Passes in conjunction with a completed Fast Pass Exchange Form must be turned into the Parent Liaison of that swimmer's group. The Fast Pass Exchange Form can be found on the Forms and Documents page of the RSA website at the following link:

<http://www.swimrsa.org/FormsDocuments/tabid/279/Default.aspx>

Please allow at least 2 weeks turn-around time for prizes. Some factors can extend this time frame.
